**A1 SERVICE GROUP**  
WE DO IT ALL

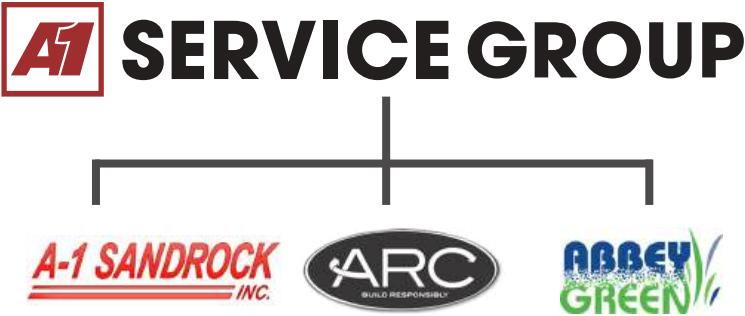

A-1 Service Group is a proud, locally owned and family-operated business serving North Carolina for over 45 years. We specialize in a wide array of services, including dumpster rentals, waste disposal, specialty recycling, contract crushing, demolition, and the sales and production of high-quality materials.

### WHERE IT ALL STARTED

A-1 Service Group’s legacy began in 1979 when Gene Petty founded A-1 Sandrock Inc. to supply road contractors with local Sandrock and later expanded into waste management with a C&D landfill. After the company was sold in 2002, Ronnie Petty III revived the family business in 2006, broadening its scope to include waste management, recycling, mobile crushing, and material sales. The company grew further with the founding of Absolute Recycling Contractors in 2011, expanding into residential and commercial waste hauling. In 2020, the acquisition of the Overdale Road Transfer Station (AKA: Abbey Green) bolstered their position in the market. In 2023, A-1 Sandrock Inc. merged with its sister companies under the name A-1 Service Group, uniting decades of experience and a wide range of services including waste management, recycling, material sales, and specialty contracting.

With decades of experience, A-1 Service Group is committed to providing reliable, efficient, and environmentally responsible solutions for all your waste management and construction needs. We *really* do it all.

### DISCOVER THE DIFFERENCE

A-1 Service Group—where safety, professionalism, and convenience come together to provide the ultimate solution for all your waste management needs.
